

Organizing Committee

Prof. Luigi Di Sarno

Università degli Studi del Sannio,
Rete dei Laboratori Universitari
di Ingegneria Sismica (ReLuis);
ReLuis liaison with EERI and
GEER reconnaissance teams

Prof. Jonathan P. Stewart

University of California, Los
Angeles; Geotechnical Extreme
Events Reconnaissance (GEER)
Association; GEER team leader

Prof. Giuseppe Lanzo

Università degli Studi di Roma "La
Sapienza"; CentroMS

Prof. Andrea Penna

European Centre for Training
and Research in Earthquake
Engineering (Eucentre)

Dr. Fabrizio Galadini

Istituto Nazionale di Geofisica e
Vulcanologia (INGV)

Dr. Paolo Zimmaro

University of California, Los
Angeles; Geotechnical Extreme
Events Reconnaissance (GEER)
Association

Program

Morning (10:00 am) – General Session

- **Local Authorities** - Ceremonial talks
- **Prof. Jonathan P. Stewart (UCLA, GEER)** –
*Scientific relationships USA-Italy, global relevance of
the 2016-2017 Central Italy Earthquake Sequence*
- **From Science to Policy (round table)** – Moderator:
Gianluca Loffredo
*Participants: Paola De Micheli, Luca Ceriscioli,
Cesare Spuri, Massimo Sargolini, Stefano Lenci,
Antonio Tralli, Flavio Monosilio*

Afternoon (1:30 pm) – Scientific

Session (40 minute presentations)

- *Introductory remarks by presidents of Italian Orders
of Engineers and Geologists*
Moderator: Andrea Dall'Asta
- **Drs. Fabrizio Galadini, Stefano Gori, Emanuela
Falcucci (INGV):** *Seismogenic sources of the area*
- **Dr. Paolo Zimmaro (UCLA, GEER):** *Ground motion
characterization*
- **Prof. Giuseppe Lanzo (La Sapienza University
of Rome, Seismic Microzonation Center, GEER):**
Geotechnical aspects and site response
- **Prof. Luigi Di Sarno (UniSannio, ReLuis, EERI,
GEER):** *Behavior of transportation infrastructure*
- **Prof. Andrea Penna (Eucentre):** *Behavior of
masonry buildings and retrofit effectiveness*
- **Prof. Roberto Nascimbene (Eucentre):** *Behavior of
RC structures*

Program Committee

Ing. Pierluigi Pascale (Archiving),
Dott.ssa Maria Giovanna Durante (UCLA),
Dr. Roberto Nascimbene (Eucentre),
Dr. Stefano Gori (INGV),
Dott.ssa Emanuela Falcucci (INGV),
Prof. Andrea Dall'Asta (Università di Camerino), and
Prof. Graziano Leoni, (Università di Camerino)

Location and Registration

Registration

Participation is free, but space is limited.

To register, visit

sesicblog.wordpress.com

Venue

**Centro Culturale Universitario "Benedetto XIII"
- University of Camerino**

Colle Paradiso 1
Le Mosse 62032
Camerino MC - ITALY

Continuing education credits will be granted to
professional geologists and engineers licensed and
registered in Italy. For more information please contact
the Ordine degli Ingegneri di Macerata ([segreteria@
ordineingegnerimacerata.it](mailto:segreteria@ordineingegnerimacerata.it)) or the Ordine dei Geologi
delle Marche (ordine@geologimarche.it)

ORGANIZED BY

NSF-sponsored
Geotechnical Extreme Events
Reconnaissance Association (GEER)

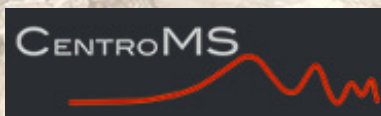

IN COLLABORATION WITH:

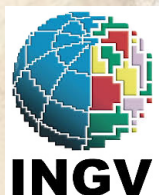

Consorzio della
Rete dei Laboratori
Universitari di
Ingegneria Sismica

Earthquake Engineering
Research Institute

Centro per la
Microzonazione
Sismica e le sue
applicazioni

Italian National Institute
of Geophysics and Volcanology

European Centre for Training and
Research in Earthquake
Engineering (Eucentre)

University of Camerino

WITH THE PRESENCE OF:

Marche Region Office of the President
Commissario Straordinario Ricostruzione
CSpecial Government Commission for Seismic
Reconstruction - Technical Committee on
Structures
Marche Region Office of Reconstruction Italian
National Association of Builders

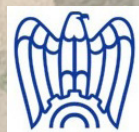

UNDER THE AUSPICES OF

Comune di Camerino

Maccano S.p.a.

Confindustria Macerata

Confindustria Marche

Order of Engineers
Macerata

League of Surveyors and
Surveying Graduates in
Camerino

Order of Geologists

SPONSORS:

Workshop on the 2016 Central Italy Seismic Sequence

December 11, 2017

You are invited to attend this workshop in which major scientific and policy implications of the 2016 earthquake sequence will be presented and discussed by national and international experts involved with investigating the earthquake effects and responding to the disaster.
